BERLAM FP 46

Description

BERLAM FP 46, is high performance compressor oil specially developed to use in rotary screw air compressors used in the food and beverage processing and packaging industries. It is based on a careful blend of high performance synthetic base fluids and new generation additive package to meet stringent requirements of food industry.

BERLAM FP 46, has H1, KOSHER and HALAL certifications used in food processing application.

Properties & Advantages

- Natural odor and taste.
- Excellent oxidation stability provides longer system life.
- Low volatility reduced maintenance and top up costs.
- Excellent corrosion protection enhances system reliability and reduces down time.

Applications

- It can be used in screw air compressors in food and beverages.

Technical Properties

Specifications	Test Methods	Typical Value
Appearance	Visual	C&B
Odour	-	Typical
Color, ASTM	ASTM D1500	<0.5
Density 15 °C, kg/m ³	ASTM D 4052	830.0
Kinematic Viscosity, @40°C, mm ² /s	ASTM D 445	46.00
Flash Point, °C,min.	ASTM D 92	220
Refractive Index, @20°C	ASTM D 1218	1.4600

**The information given in the typical data does not constitute a specification but is an indication based on current production and can be affected by allowable production tolerances. The right to make modification is reserved.*

Health & Safety

- The product SDS should be consulted for health, safety, environmental and storage information. If necessary, Petroyağ officials should be contacted.

Packaging

- Pail, drum and IBC packages are available.
